## Partners: How to initiate a PAR (Partner Assistance Reward) Registration

As a Red Hat Partner you can initiate a PAR for approval from within Red Hat's Partner Portal

1. Login to Red Hat's partner portal ([partner.redhat.com/connect/business](https://partner.redhat.com/connect/business))
2. Locate the top navigational link for Dashboard

3. Click the "Dashboard" Link
4. Locate the link for "Manage Programs" and click

5. Click the "Enroll" button to view and accept the terms of the Partner Assistance Reward Program

| Available Programs                              |                                                                                                                                                                                                            |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Name                                            | Description                                                                                                                                                                                                |
| <b>ENROLL</b> Certified Cloud Provider          | A Red Hat® Certified Cloud Provider offers a trusted destination for Red Hat technologies on public clouds. By using a Red Hat Certified to Red Hat Enterprise Linux® are assured to function as intended. |
| <b>ENROLL</b> Partner Assistance Reward Program | Partner Assistance Reward Program                                                                                                                                                                          |
| <b>ENROLL</b> Red Hat Embedded                  | The Red Hat Embedded partner program offers resources to certified appliances and intelligent systems.                                                                                                     |
| <b>ENROLL</b> Red Hat OpenStack Partner Network | Red Hat OpenStack Partner Network                                                                                                                                                                          |

NOTE: The terms and conditions MUST be accepted before continuing. If the Terms and Conditions have not been agreed to the following options will not be available

6. Locate the top navigational link for Dashboard

7. Click the "Dashboard" Link
8. Locate and click the link for "My Partner Assistance Rewards" and click to open

9. Click "Partner Assistance Reward Program" to begin

10. Click Register a "PAR"

11. Complete the form that loads and then click the "Save" button

The screenshot shows a web form interface. At the top, there are two red buttons: "SAVE" and "CANCEL". The "SAVE" button is circled in yellow. Below the buttons is a section titled "Customer Information" with a dropdown arrow. Underneath, there are two input fields: "Customer Name" and "Customer Contact".

12. Upon saving click the button to "Submit for Approval".

NOTE: An email notification is now generated within Red Hat to review for approval your registration. Upon approval or denial you will be notified. Log back into the partner portal at any time to view pending PAR registrations or check the overall status once accepted.
